

SERPENTINE TEAM BEST PERFORMANCE STATISTICS

from Derek Paterson (020 8422 8129)

Well done to the SRC teams who competed in the National Cross Country Championships at Alton Towers. There were some excellent individual places that led to team performances that, as you can see below, compare well with those of earlier years. The men's team place equalled our best ever result.

Notes :

1. If anyone has details of team and individual results to fill in the gaps please let me know. Also please advise if you know of different names competing from those recorded below (e.g. I am not sure I believe that it was Rob Llewellyn who ran in 1992 or Rupert Morrell in 1998).
2. * For several years the women's National XC included a team award for women vets (the mens race never has)
3. Official team and aggregate scores exclude unattached and non-counters from the race itself. Hence sum of top 6 men and top 4 women places does not always match official team scores.
4. Only performances by First Claim members are included.
5. In 2006 the men won the Minor Clubs Trophy.
